

NORTH EAST ASSOCIATION OF RAIL SHIPPERS

OBJECTIVES STATEMENT

- (a) To provide a common meeting ground between shippers, receivers, and railroads so as to establish transportation requirements and assure a smooth transition from the present era to the future in the rail industry.
- (b) To promote operating efficiency in handling of rail equipment by shippers, receivers, and railroads.
- (c) To give the shipping public a direct voice in the activities of the railroads on matters of mutual concern.
- (d) To offer approved continuing educational programs such as the Professional Management Program designed to improve individual business and professional skills. Participants in both regional and national programs receive certificates of continuing education units.
